

CE - 1095
William Smith House
Near Strickersville, Pa.
Private

c. 1820-1840

The William Smith House remains as both Maryland's and Cecil County's northeastern most house and appropriately reflective of the northern building traditions. Built of stuccoed fieldstone, the house consists of a center stair hall which is flanked by a room on either side. Peculiar to this house are the gable end entrances on both east and west ends instead of a centrally located front door. A door was placed on the rear wall of the hall space for access to the hall from outside.
